DETAILED ACTION

Allowable Subject Matter

1. Claims 4-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or fully suggest a network node having optical add modules and drop modules for inserting and dropping channels in a bidirectional ring network that has a working connection and a protection connection to other network nodes, comprising: a first drop module and a first add module positioned on a protection module for bidirectional protection connection arranged on a first board; and a second drop module and a second add module positioned on a working module arranged on a second board for bidirectional working connection, wherein the second drop module and the first add module are positioned directly in series without intervening components with respect to a second fiber ring, and wherein the first drop module and the second add module are positioned directly in series without intervening components with respect to a first fiber ring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
